## 3C provides secure hosting

- The 3C SaaS service can be installed in any data center in the world, whether it is public, private or your own data center.
- 3C is already available on Amazon Web Services data centers in France.
- CONNELINK is a 100% French company → European geo-strategic digital independence.
- Respect of the RGDP.
- 3C provides a hybrid functionality for the Mail service to prevent an internet outage.
- Data encryption and flow with CONNELINK keys or yours in your data center.

## 3C AWS France key figures

- 23 customers, all economical sector, private/public company.
- 18 000 users all over the EMA.

# 3C Value Proposition

## Why 3C?

Complete and secure SaaS offering for HCL DS with **flexible hosting options** (private, public, hybrid or any datacenter).

Cost Savings:

- **Competitive pricing** starting at 2,99 € /user/month for mail.
- Consumption based pricing (**pay only what you use**, mix and match packages). Sustainable consumption.

A **true collaborative solution HCL Connections, clear and intuitive**, requiring very little change management for easy adoption.

Based on a robust collaborative solution that is constantly updated by **600 HCL developers** around the world.

3C **integrates** with any existing MS 365 environment.

## Why Now?

**European geo-strategic digital independence** through a French solution. Complex international pandemic context.

Take advantage of **HCL's recent updates and releases** (1 new version each year).

Already available on AWS France (named a Leader in Gartner's **Magic Quadrant for Cloud Infrastructure as a Service**, Worldwide (2019)).

**HCL Domino**

**HCL Verse**

**HCL Connections**

**HCL Sametime**

**HCL Nomad**

## Why Connelink?

**Uniquely focused on collaboration and communication solutions:** cloud, consulting, apps dev, and change management.

CONNELINK is an **Authorized HCL Cloud Hosting Partner**.

**HCL Ambassador 2020**.

Consultants with **15+ years experience** in the collaboration solution and 5+ in cloud hosting.

Proprietary migration tools and automated process for an **easy, fast, and reliable migration**.

Experienced provider of **3rd party solution integrations**.
